

SAMSA NATIONAL

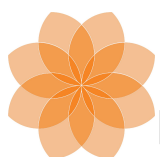

Our mission:

South Asian Medical Student Association (SAMSA) is a national organization dedicated to unifying medical students and promoting South Asian health initiatives across the United States of America

Membership Benefits:

- Mentoring from South Asian physicians
- Access to exclusive opportunities in research and advocacy in the field of South Asian Health
- Access to guest lectures and events
- Toolkits to help you advocate for increased representation of South Asian Health in your medical education
- Connections with other South Asian medical students across the nation through our social media networks
- And more! We are continuously working to expand this list
