1. Contact information
   i. Campus location
   ii. Class year
   iii. Research area
   iv. Mentor’s Name and Affiliation

2. Project narrative content
   i. A clear description of your research project that reaches a broader audience. Include your research question (unmet healthcare need).
   ii. Include a sentence describing the approach (methodology)
   iii. A sentence telling the web readers about your anticipated results or commentary about future directions.

3. Mentor’s narrative approval
   i. Send your draft web narrative to your mentor and ask for their feedback.
   ii. Incorporate their feedback

We recommend you cc your mentor when you send your final web narrative to our office.
