

**Nomination Form - College of Medicine Research Excellence Award for Postdoctoral Fellows,
Research Scientists and Research Track Faculty**

The following information shall be provided by the nominee, who is performing research at Texas A&M College of Medicine.
DO NOT EXCEED THREE PAGES.

NAME		CURRENT TITLE (e.g. postdoctoral researcher, instructor)	
Alternative name(s) used for publication			
EDUCATION/TRAINING: <i>Begin with baccalaureate or other initial professional education and include all postdoctoral training (and residency training if applicable). Postdoctoral training at Texas A&M Health Science Center, already included below, must be two years or more in duration.</i>			
INSTITUTION AND LOCATION	DEGREE <i>(if applicable)</i>	From MM/YY To MM/YY	FIELD OF STUDY
Texas A&M College of Medicine	Postdoctoral		

NOTE: This nomination form may not exceed three pages. Follow the formats and instructions below.

A. Personal Statement

Briefly describe your *postdoctoral* research accomplishments. If your postdoctoral training took place in more than one laboratory, make it clear which accomplishments were made in each. If you wish to explain factors that affected your past productivity, such as family care responsibilities, illness, disability, or military service, you may address them in this section.

B. Positions, Scientific Appointments, and Honors

List in reverse chronological order all positions and scientific appointments both domestic and foreign, including affiliations with foreign entities or governments. This includes titled academic, professional, or institutional appointments whether or not pay is received, and whether full-time, part-time, or voluntary (including adjunct, visiting, or honorary). Record leadership roles (such as committee memberships) and include scholarships, fellowships, and development awards, as applicable.

C. Contributions to Science

Briefly describe up to three of your most significant contributions to science, including up to three citations for each. For each contribution, indicate the central finding(s); the influence or application of the finding(s) on the progress of science; and your specific role in the described work. Your contribution from your research as a postdoc at Texas A&M will be weighed the highest. To qualify, at least one publication must be first-authored by the nominee from training at Texas A&M. Figures, tables, graphics, hyperlinks and URLs are not allowed. You may provide a URL to a full list of your published work such as [My Bibliography](#).

D. Statement of Career Goals and Timeline

Briefly describe your career goals and timeline for reaching those goals.

E. Contact Information for Referees

- List contact information for mentor(s) or three Texas A&M College of Medicine faculty with first-hand knowledge of your accomplishments who are providing a letter of support for your award nomination.
- List contact information for external faculty member providing letter of support
